Model Based Development Environment
Embedded Target V6.04.00

R20TS0929EJ0101
Rev.1.01
Mar.16, 2023

Outline

Model Based Development Environment Embedded Target V6.03.00 has been updated from V6.03.00 to V6.04.00.

The Embedded Target is tool for co-simulation between the CS+/e² studio integrated development environment from Renesas interlinked with MATLAB® and Simulink® from the MathWorks, Inc. Among other things, this will support the validation of algorithms and model-based development by customers.

For an overview of the product, refer to the following URL:

<https://www.renesas.com/software-tool/model-based-development-environment-consumerindustrial-embedded-target>

1. Products and Versions to Be Updated

- Embedded Target V5.00.00, V5.01.00, V6.00.00, V6.01.00, V6.02.00, V6.03.00

To check the version of Embedded Target, click the [Configuration Parameters] menu of Simulink® Model > [Code Generation > Embedded Target Options > About Embedded Target] to open the dialog box.

2. Descriptions of the Update

The main features of the update are described in the following sections.

2.1 Improved Functionality

MATLAB® versions R2021b, R2022a, R2022b are available to cooperate to Embedded Target now. Contact to technical support for detail information of MATLAB version that can be cooperated with Embedded Target.

2.2 Addition of supported host OS

From version 6.04.0, Embedded Target is possible to run on Windows® 11.

3. Updating Your Product

3.1 Download the [Installer/Updater] from the Web

Download the installer from the Embedded Target product page (the following URL). (Installer of Embedded Target will be available on product page from Mar, 2023.)

<https://www.renesas.com/software-tool/model-based-development-environment-consumerindustrial-embedded-target>

Uninstall old version of Embedded Target if it is necessary and install the program. For how to uninstall Embedded Target, refer to the installation guide attached to Embedded Target installer. If you have any questions, please contact our technical support.

4. Start of paid sales

For more information, please refer to the product page.
