1. Target products and version

Product	Outline	Discontinued Version	Release Version
DF703186	DF703186, device files for V850E/IA3 and V850E/IA4	V2.10	V2.01

2. Description

The DF703186 had been upgraded from V2.01 to V2.10 to support a new product, but an invalid device was found to have been added.

Thus, a decision has been made to discontinue the releasing of DF703186 V2.10, the previous version, V2.01, will be re-released.

3. Request

If you have already used DF703186 V2.10, replace it with V2.01.

Download the target device file from the NEC Electronics website (Development Tools Download (ODS) page). After you have downloaded the file, install the device file according to the procedure described in the document posted on the same download page.
