Usage Restrictions of SP78K0R

1. Product History

No.	Bugs and Changes/Additions to Specifications	Version	
		V1.00	V1.10
1	Restriction on installing/uninstalling a tool	—	×

×: Applicable, ○: Not applicable, —: Not relevant

2. Details of Usage Restrictions

No. 1 Restriction on installing/uninstalling a tool

[Description]

If the following tool product is selected upon installation or uninstallation, some items such as shortcuts will be lost.

- SP78K0R V1.10 Relation File

The items that are placed in the following folders may be deleted.

Windows Version	Folder
Windows XP	C:\Document and Settings\All Users\Start Menu\Programs
Windows 2000	

(When Windows is installed in drive C)

The files in the above folders may be deleted if one of the following conditions is satisfied.

(The original file that is linked to the shortcut is not deleted.)

- The file linked to the shortcut is missing
- The shortcut with which an argument is specified for the link destination
- The shortcut specifies the link to a work folder
- Other than a shortcut

If a shortcut is deleted, the deleted item will not be displayed in the following menus.

- Start menu
- Administrative Tools (Control Panel)

Information on the deleted file will be lost, so the deleted file will no longer be identified nor restored.

[Workaround]

There is no workaround.

[Action]

This issue will be corrected in V1.20.
