## 3. Updating Your Product

Online updating is available free of charge.

To update either your commercial edition or evaluation edition of CS+,  
use either of the following methods.

### 3.1 For CS+ V3.00.00 or Later

To update your program, use either of the following methods:

(1) On the "Start" menu, select "Programs" and then "Renesas Electronics  
CS+" to start the Update Manager.

This service will be available from June 22.

Note: If your CS+ has been launched with rapid startup enabled,  
exit the CS+ once, and then run the Update Manager.

If the CS+ is resident in the notification area of Windows  
(system tray) due to rapid startup, an error occurs and  
produces the following message:

-----

M0120001

Installation is suspended because "CS+W.exe" is running.

It will be resumed next time you start the tool.

-----

(2) Download and install V1.08.00 of device information file managed by  
CS+ for the RX family of MCUs from the following URL. The program  
will be available from June 22.

### 3.2 For CubeSuite+ V2.02.01 and Earlier Versions

Download and install the evaluation edition of CS+ V3.01.00 from the following URL:

[https://www.renesas.com/cs+\\_download](https://www.renesas.com/cs+_download)

Then, update your program by using the method in 3.1 (1) or (2) above.
