Notes:

1. Controlling dimensions are in inches (mm for reference only).
2. Dimensioning and tolerance per ANSI Y14.5M - 1982.
3. The maximum "A" dimension is package height before being solder dipped.
4. Patterned after MIL-STD-1835 CBCC1-N3 (C-B1). Note: Not meeting the Mil-Std "A" minimum dimension of 0.112.
