☐ OFS register   ☐ OFS2 register   ☐ ID code areas

---

C A U T I O N :

Note 1 : ROM data confirmation request
 ROM programming will be processed based on the mask file generated by the mask file
generating utility. Only in case when ROM data programmed in the actual mass produced
product differs from that of above mentioned mask file, RENESAS takes the responsibility.
<u>There is no Engineering Sample, thus please confirm the ROM data at the receipt of the
Initial product delivery.</u>
<u>Should you find any problem, please return immediately. 2 weeks without technical error
feedback towards RENESAS will automatically be regarded as acceptance of products.</u>

Note 2 : Mark specification
 Please refer to Fig. 1 about mark specification.
