

Product Change Notice (PCN)

Subject: Add Alternate Fab Location

Publication Date: 11/4/2022

Effective Date: 2/3/2023

Revision Description:

Initial Release

Description of Change:

This PCN notice is to advise customers that Renesas is qualifying TSMC Fab 14 as an alternate fab location to alleviate supply chain constraint on the products listed in this notice. There is no change to the product design or process technology as compared to the existing fab location, TSMC Fab 12.

Renesas will provide a conditional qual report by end of this year that will include all items except HTOL that will be completed in February 2023. This product will have the same Orderable Part Number as the existing DDR4 Gen 2.5 RCD but with different manufacturing site info on the topmark.

There is no change to the package assembly and backend manufacturing processing including the product datasheets.

Affected Product List: Refer Appendix B

Reason for Change:

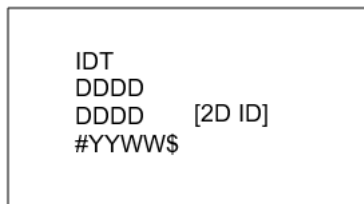

This change will allow the flexibility to ship from all the qualified facilities and will provide the increased capacity.

Impact on Fit, Form, Function, Quality & Reliability:

The change is expected will have no impact on the form, fit, function, quality, reliability and environmental compliance of the products.
