Change Notice Form

Description of Change:

This product is currently manufactured at UMC Fab 8S (Taiwan). As part of a capacity expansion program, Dialog will add UMC Fab 8D (Taiwan) as a wafer fabrication facility for all AT45DB321E family of devices as shown in Appendix 1.

The UMC Fab 8D facility will manufacture the parts to the same datasheet specification as the current UMC Fab 8S. No Datasheet changes are being implemented as a result of this manufacturing location update. UMC Fab 8D parts will be compatible in form, fit, and function to the UMC Fab 8S.

- Assembly and test locations will remain unchanged.
- Ordering codes will remain unchanged See Appendix 1.
- Traceability of this change notice will be managed through the manufacturing LOT code only.

Address all inquiries, including acceptance of this change, requests for qualification data and/or product samples to <https://www.dialog-semiconductor.com/company/inquiry>

Dialog Semiconductor will deem this change accepted, unless specific written conditions of acceptance are provided by the customer, within 30 days from the date of this notice. Dialog Semiconductor reserves the right to ship either the original version or the new version of the affected product after the Target Production Release Date specified in this notice.
