There is NO change in form, fit or function of the devices. Products are produced by the same manufacturers and process technology, same package, same test equipment and test programs. There is no change in ordering part number.

The only change is with the vendor from Atmel Corporation to Adesto Technologies.

Atmel and Adesto are committed to make this transfer a success. The team that developed and supported the product line is also being transferred to Adesto Technologies. Atmel will provide a range of transition service support to Adesto until 12/31/2012 to insure a smooth transition including order entry, scheduling and invoicing. In addition, manufacturing support will also be provided for up to one year for certain supply chain management functions and quality services.

Proposed First Ship Date*: September 28, 2012

**The Proposed First Ship Date is the forecasted date that a customer may expect to receive changed product. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed product on this date, Atmel will continue to ship pre-changed product until a time in which inventory has been depleted. This may result in pre-changed product being shipped to customers after this forecasted date.*
