## Old Company Name in Catalogs and Other Documents

---

On April 1<sup>st</sup>, 2010, NEC Electronics Corporation merged with Renesas Technology Corporation, and Renesas Electronics Corporation took over all the business of both companies. Therefore, although the old company name remains in this document, it is a valid Renesas Electronics document. We appreciate your understanding.

There are the amendments and additions of MultiMediaCard Interface of SH7720 hardware manual Rev2.00.

Amendments and additions.

## 1. Page 1024 of 1382, Section 31

Amendment

Original:

DMAEN sets DMA request signal output. DMAEN enables/disables a DMA request signal. The DMA request signal is output by a value that has been set to bits SET2 to SET0.

Amended:

DMAEN sets DMA request signal output. DMAEN enables/disables a DMA request signal. The DMA request signal is output by a value that has been set to bits SET2 to SET0.

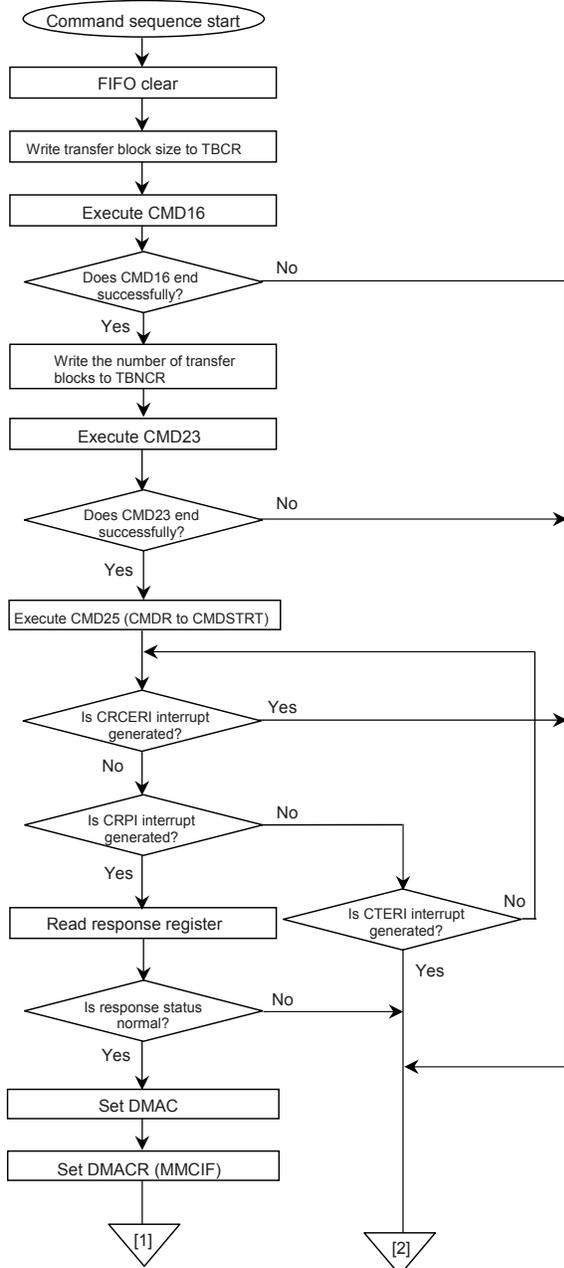

Before executing a command (CMD18, CMD25) in the multiblock transfer, this register should be set.

Auto mode is not used in open-ended multi block transfer.
