1. Affected product

Product	Outline	Control Code ^{Note}
IE-178098-NS-EM1	In-circuit emulator for μ PD178078 Subseries and μ PD178098A Subseries	A, B, C

It is not necessary to upgrade control code D.

2. Details of upgrade

The restriction described below will be corrected (or specifications will be added). After upgrading, the control code will be D.

See the document "IE-178098-NS-EM1 Bug Information" (SBG-T-1810) for detailed bug descriptions.

(2. Bug related to IEBus (up to D178F098 V3.0 or equivalent))

3. Upgrade petition period

From September 3, 2003.

The upgrade described herein will be provided for free for a period of one year from the above date. After the free upgrade period expires, an upgrade will be available for a fee. We therefore recommend that you take advantage of the free upgrade offer during the free upgrade period.

Note The "control code" is the second digit from the left in the 10-digit serial number in the warranty supplied with the product you purchased (if it has not been upgraded). If the product has been upgraded, a label indicating the new version is attached to the product and the x in V-UP LEVEL x on this label indicates the control code.
