1. Affected product

Product	Outline	Control Code ^{Note}
IE-703089-MC-EM1	In-circuit emulator option board for V850/SC1, V850/SC2, V850/SC3	A, B, C, D, E, F, G, H, J, K

It is not necessary to upgrade a control code L product.

2. Details of upgrade

The bug (No. 18) described in "IE-703089-MC-EM1 In-Circuit Emulator Option Board for V850/SC1, V850/SC2, V850/SC3 Usage Restrictions" (ZBG-BF-04-0009) will be corrected (addition of specifications). After upgrading, the control code will be L.

See the document for details of the bug.

3. Upgrade start date

From December 22, 2004.

The upgrade described herein will be provided for free for a period of one year from the above date. After the free upgrade period expires, an upgrade will be available for a fee. We therefore recommend that you take advantage of the free upgrade offer during the free upgrade period.

<p>Note The "control code" is the second digit from the left in the 10-digit serial number in the warranty supplied with the product you purchased (if it has not been upgraded). If the product has been upgraded, the version can be checked by the label attached to the product.</p>
