1. Affected product

Product	Outline	Control Code ^{Note}
QB-78K0MINI	On-chip debugging emulator for 78K0 Series	A

It is not necessary to upgrade control codes B and C.

2. Details of upgrade

The bug (No. 1) described in "QB-78K0MINI On-Chip Debugging Emulator for 78K0 Series Usage Restrictions" (ZBG-CD-04-0068) will be corrected.

After upgrading, the control code will be C.

See the document for details of the bug.

3. Upgrade start date

From October 1, 2004.

The upgrade described herein will be provided for free for a period of one year from the above date. After the free upgrade period expires, an upgrade will be available for a fee. We therefore recommend that you take advantage of the free upgrade offer during the free upgrade period.

Note The "control code" is the second digit from the left in the 10-digit serial number in the warranty supplied with the product you purchased. If the product has been upgraded, a label indicating the new version is attached to the product and the x in V-UP x on this label indicates the control code.
Control code B and control code C are functionally equivalent.
