

To our customers,

Old Company Name in Catalogs and Other Documents

On April 1st, 2010, NEC Electronics Corporation merged with Renesas Technology Corporation, and Renesas Electronics Corporation took over all the business of both companies. Therefore, although the old company name remains in this document, it is a valid Renesas Electronics document. We appreciate your understanding.

RENESAS TECHNICAL UPDATE

Nippon Bldg., 2-6-2, Ohte-machi, Chiyoda-ku, Tokyo 100-0004, Japan
Renesas Technology Corp.

Product Category	User Development Environment		Document No.	TN-EML-A132A/E	Rev.	1.00
Title	Updating the Firmware for the E6000/E8000 LAN Adapter		Information Category	Technical Notification		
Applicable Product	E6000/E8000 LAN adapter (HS6000ELN01H)	Lot No.	Reference Document	E6000/E8000 LAN Adapter User's Manual (ADE-702-326 Rev.1.0)		
		Serial No. 0001 to 0286				

Thank you for using our product.

The firmware for the E6000/E8000 LAN adapter (HS6000ELN01H) has been updated to support the H8/300L Super Low Power E6000 emulator (HS38000EPI61H).

[H8/300L Super Low Power E6000 emulator (HS38000EPI61H)]

If you use the H8/300L Super Low Power E6000 emulator connected to the LAN adapter of revision A to J, the firmware programmed in the LAN adapter must be updated. After the update, the revision of the firmware will be K or later.

Serial number of the LAN adapter: 0001 to 0286

[E6000H emulators]

If you use an E6000H emulator connected to the LAN adapter of revision A to H, the firmware programmed in the LAN adapter must be updated. After the update, the revision of the firmware will be I or later.

Serial number of the LAN adapter: 0001 to 0262

[Other E6000/E8000 emulators]

If you use any other E6000 or E8000 emulator, this update is not necessary; the current firmware will work normally.

When you need to update the firmware, please contact the Renesas sales office. We will update the firmware for your LAN adapter.

Note: The serial number and revision are written on the label on the back of the LAN adapter.
