Tool News and Downloads
to be Released on the Internet on the Same Day

Outline

From July 2018, Internet release dates of tool news will be changed to the same day that products become available for download.

1. Time of Introduction of the Change

July 2018

2. New Tool News Internet Release Dates

We will change our service as follows.

The schedule will change for the items in red boxes. The schedule does not change for the items in blue.

Tool news	Release Schedule	Until June 2018	After July 2018
Issue on the first day of the month	Third day of the month ^(Note 1)	- Internet release of tool news	- Internet release of tool news
	Fifth day of the month ^(Note 2)	- Product release for download	- Product release for download
Issue on the 16th day of the month	18th day of the month ^(Note 1)	- Internet release of tool news	- Internet release of tool news
	20th day of the month ^(Note 2)	- Product release for download	- Product release for download

Note 1: Two business days after the first or 16th day of the month

If the first or the 16th day of the month is a Japanese public holiday, two business days after the next business day

Note 2: Next business day if the applicable date is a Japanese public holiday

3. Advantage of the Change

From July 2018, you can immediately download the software products mentioned in the tool news from the download page URL.

You no longer need to remind yourself of the dates when products become available for download or re-access tool news.

4. About Internet Release of Tool News

You can read the latest tool news on the scheduled Internet release dates on the following web page:

<https://www.renesas.com/toolnews>

The tool news issues on the above web page are posted in order of distribution (latest at the top).

By using filters, you can view a list of tool news issues pertaining to a specific tool product. You can also view tool news issues by category (Notes, Upgrade to version, Notification, and so on). See below for details about how to set filters.
