We have published the free-of-charge evaluation editions of the GUI builder "M3S-GUI-BUILDER" and the GUI library "M3S-GUI-LIB for the RX Family".

1. Products and Versions

(1) Free-of-charge evaluation edition of GUI builder
   M3S-GUI-BUILDER V.2.01 Release 00
(2) Free-of-charge evaluation edition of GUI library
   M3S-GUI-LIB for the RX Family V.2.01 Release 00
   In this library, the free-of-charge evaluation edition of 2D
   Graphics Library (a basic drawing function library) is included.

2. Features

(1) GUI builder M3S-GUI-BUILDER
   The GUI builder, which supports 2D Graphics Library (a basic
   drawing function library), is a utility program for creating GUIs.
   Used together with Microsoft Visual Studio 2010, it designs GUI
   for embedded systems in industrial equipment as actual views and
   transforms them into C-language programs.
(2) GUI library M3S-GUI-LIB for the RX Family
   This library runs on systems designed with MCUs of the RX family
   after linked with C-language programs created by the GUI builder.

   For detailed information about the GUI builder and the GUI library, see:
      http://www.renesas.com/mw/gui_builder
   This Web site will be opened on July 5.
   The above URL is one of our global sites.

3. How to Obtain the Products

To obtain the product you want, follow these steps:
(1) Click Application Notes and Sample Code at the upper left of
   the GUI builder page at:
      http://www.renesas.com/mw/gui_builder
   You see the list of titles of Application Notes and Sample Code.
   The list will be opened on July 5.
(2) In the list, search for the application note of the product you want.
   The names of the products and their application notes are as follows:
    - GUI builder
      M3S-GUI-BUILDER
      "Renesas Microcomputer M3S-GUI-BUILDER: GUI Builder
       Introduction Guide"
    - GUI library
      M3S-GUI-LIB for the RX Family
      "RX Family M3S-GUI-LIB: GUI Library Introduction Guide"
(3) Click Sample Program next to the application note you want.
(4) Read through AGREEMENT that appears; then click Agree. The free-of-
   charge evaluation edition will be downloaded.
