License Manager V2.08.00 (for Windows)	Rev.1.00
	Oct. 20, 2024

Outline

License Manager for Windows has been updated from V2.06.00 to V2.08.00 .

1. Products to Be Updated

License Manager V1.00.00 to V2.06.00 (for Windows)

2. Description

The main changes are as follows. Refer to the release note for details.

(The note is applicable as of October 22.)

https://www.renesas.com/rl78-c-documentation

https://www.renesas.com/rx-c-documentation

https://www.renesas.com/rh850-c-documentation

2.1 Support for multi-user environments

Floating licenses now support a multi-user environment where multiple users can log in to one PC and build. A floating license can be obtained for each username.

To use floating licenses in a multi-user environment, Software for floating license management V2.08.00 (Windows version will be available from October 22.) is required.

2.2 Add messages

The following messages have been added.

E0174024	The version of the floating license server you are using is older than that assumed by the license manager. Update the floating license server.
E0174025	The version of the license manager you are using is older than that assumed by the floating license server. Update the license manager.

2.3 Restriction

The following limitation is not listed in the release notes:

If Error message E0172009 is shown when starting the license manager, run the following command at the command prompt.

1. Click the search icon or search box on the taskbar.

2. Type "cmd" in the search box.

3. Click "Command Prompt" to launch the command prompt.

4. Enter the command below.
   > mkdir "%LOCALAPPDATA%\Renesas Electronics MCU Tools\LicenseInfo"

3.   Updating the Product

3.1   Online Update

Start the update manager from [Renesas Electronics CS+] in the Windows start menu and update.

(This service will be available from October 22.)

3.2   Downloading the Installer

Download the installer from the URL below. (The installer will be available from October 22.)

https://www.renesas.com/rl78-c-download

https://www.renesas.com/rx-c-download

https://www.renesas.com/rh850-c-download

Software for floating license management V2.08.00 (Windows version will be available from October 22.) can also be downloaded from the above URL.
