1. Affected product

Product	Outline	Control Code ^{Note}
IE-78K0S-NS-A	In-circuit emulator for 78K0S Series	A, B, C

It is not necessary to upgrade a control code D.

2. Upgrade details

The bugs (No. 2, No. 5, No. 7 and No. 8) described in the document "IE-78K0S-NS-A In-Circuit Emulator for 78K0S Series Usage Restrictions" (ZBG-CD-05-0104) will be corrected.

After upgrading, the control code will be D. See the document for details.

3. Upgrade start date

Upgrading by submitting the product will be available from November 15, 2005.

Upgrade by sending the product to NEC Electronics is available. Consult an NEC Electronics sales representative or distributor.

The upgrade described herein will be provided for free for a period of one year from the above date. After the free upgrade period expires, an upgrade will be available for a fee. We therefore recommend that you take advantage of the free upgrade offer during the free upgrade period.

Note The "control code" is the second digit from the left in the 10 digit serial number.

If the product has been upgraded, a label indicating the new version is attached to the product and the x in V UP LEVEL x on this label indicates the control code.
