---

1. Supporting C Compiler and Its Versions

The C compiler package for the M16C series and the R8C family (M3T-NC30WA)
  V.5.42 Release 00 and later (including V.6.00 Release 00)

Note, however, that to install the device file updater V.1.09 on your PC, you must install the V.5.45 Release 00 or later product (including V.6.00 Release 00) of the above compiler package in advance.
For details, see Note 2 at the end of "Compiler Packages" on the Web page at:

http://www.renesas.com/products/tools/ide/device_file_updater/child_folder/dfu_env_info.

The above URL is one of our global sites.

2. Descriptions of Revision

In Device File Updater V.1.09, the following CPU groups in the R8C family have been added to the CPU groups supported by V.1.08:
    R8C/36A, R8C/38A, R8C/3GA, R8C/3JA, R8C/3JT, R8C/3MQ, R8C/3NT,

R8C/M13B, R8C/L35A, R8C/L36A, and R8C/L38A

For the CPU groups (including the above) that can be added to
the CPU groups list by using the revised product, see
"The Product Versions and the Added CPU Types" in PDF, which can be
downloaded from the Web site at:
   http://www.renesas.com/dfu
This Web site will be updated on May 20.
