Note on Using Flash Development Toolkit

When using Flash Development Toolkit, take note of the following problem:

- With toolkit being abnormally closed
-

1. Product and Versions Concerned

Flash Development Toolkit

Ver.3.0 through V.3.07 Release 05

V.4.00 Release 00 through V.4.08 Release 02

2. Description

When you exit Flash Development Toolkit, the following problem may arise:

- Windows displays the message box saying "FLASH Development Toolkit has stopped working" and the toolkit is abnormally closed.

When this message box appears, follow the message and exit the toolkit.

3. Conditions

This problems may arise if either of the following conditions is satisfied:

- (1) If you are repeating the start and exit of Flash Development Toolkit, it may abnormally be closed in any exiting operation.
- (2) If you are creating workspaces repeatedly, the toolkit may abnormally be closed after the message in 2 is displayed.

4. Schedule of Fixing Problem

For Ver.3.0 through V.3.07 Release 05, we have no plan to fix this problem.

For V.4.00 Release 00 through V.4.08 Release 02, we are fixing it in V.4.09 Release 00 (to be published in the end of February 2013).
