

RENESAS TOOL NEWS on February 01, 2015: 150201/tn2

## **e2 studio, Eclipse open-source based Integrated Development Environment, revised to V3.1.3.06**

We are revising the e2 studio integrated development environment (IDE) from V3.1.2.10 to V3.1.3.06

For an overview of the product, see the following page:

<https://www.renesas.com/e2studio>

---

1. Product and Versions to be updated  
e2 studio V3.0.0.22 through V3.1.2.10

You can check the version number of your e2 studio in the dialog box opened by selecting "About e2 studio" from the "Help" menu of e2 studio.

2. Description of Revision

- 2.1 Addition of Supported MCUs

The following MCU groups and devices have been added to the support list.

- RX Family RX71M group
- RH850 Family F1M group
- added devices in RH850 Family F1H group

For the supported devices, please refer to the Release Note.

e2 studio V3.1.3.06 Release Note

The document will be published on this site on February 5.

- 2.2 The following problems have been fixed:

- When debugging with e2 studio V3.0 or V3.1

For details of the problem, see RENESAS TOOL NEWS Document No. 150201/tn1.

<https://www.renesas.com/search/keyword-search.html#genre=document&q=150201tn1>

This page will be published on February 5.

### 3. Updating Your Product

Online or offline updating is available free of charge.

Update your e2 studio in either of the ways described under 3.1 and 3.2 below.

#### 3.1 Online updating

Select "Check for Updates" from the "Help" menu of e2 studio.

This service will be available from February 5, 2015.

#### 3.2 Downloading the update file from the web site

The file will be published on this site on February 5, 2015.

Once the file is available, update your e2 studio through the following steps:

(1) Download the update file "e2\_studio\_3.1.3.06\_update.zip"

(e2 studio Differential Update program V3.1.3.06)

from the following URL:

[https://www.renesas.com/e2studio\\_download](https://www.renesas.com/e2studio_download)

(2) Select "Preferences" from the "Window" menu of the e2 studio.

(3) Click the "Available Software Sites" in the "Install/Update" tree list on the "Preferences" dialog.

If any "Available Software Sites" have been checked in this dialog, please uncheck all.

(Note) Write the original settings down in order to recover them later if necessary.

(4) Click on the "Add" button and open the "Add Site" dialog.

Click on the "Archive" button on the "Add Site" dialog, and select the update file downloaded in step (1).

(5) Click on the "OK" button to return to the "Preferences" dialog,

Ensure that the checkbox of the local site added in step (4) is selected as "Available Software Sites" list, and click on the "OK" button.

(6) Select the "Check for Updates" on the "Help" menu to commit update.
