

Emulator Debugger M3T-PD32R Upgraded to V.3.00 Release 1A

We have upgraded the M3T-PD32R emulator debugger for the M32R family MCUs from V.3.00 Release 1 to V.3.00 Release 1A.

In this upgrade, only the company name displayed at launching the product has been updated.

1. Description

The company name displayed at launching the M3T-PD32R has been updated. However, no specifications and functions of the updated product have been subject to any changes.

Note:

As we informed you at the beginning of April, our company name was changed from Mitsubishi Electric Semiconductor Application Engineering Corporation to Renesas Solutions Corporation on this April 1.

For information on establishment of the latter company, visit the Web site.

2. How to Upgrade the Current Product and Order the Upgraded One

2.1 Online Upgrade (without Charge)

Please download the upgraded product from [HERE](#).

2.2 Upgrading by CD-ROM (with Additional Charge)
