The Device File Updater Specific to the C Compiler Package for the M16C Series and the R8C Family (M3T-NC30WA) Revised to V.1.10

We have revised the device file updater specific to the C compiler package for the M16C series and the R8C family (M3T-NC30WA) from V.1.09 to V.1.10.

For an overview of device file updaters, see:

<http://www.renesas.com/dfu>

The above URL is one of our global sites.

1. Supporting C Compiler and Its Versions

The C Compiler Package for the M16C Series and the R8C Family (M3T-NC30WA)

V.5.42 Release 00 or later (including V.6.00 Release 00)

Note, however, that to install the device file updater V.1.10 on your PC, you must install the V.5.45 Release 00 or later product (including V.6.00 Release 00) of the above compiler package in advance.

For details, see Note 2 at the end of "Compiler Packages" on the Web Page at:

http://www.renesas.com/products/tools/ide/device_file_updater/child_folder/dfu_env_info.

The above URL is one of our global sites.

2. Descriptions of Revision

(1) Added CPU Groups

In Device File Updater V.1.10, the following CPU groups have been added to the CPU groups supported by V.1.09:

R8C Family:

R8C/32M, R8C/33M, R8C/34M, R8C/35M, R8C/36M, R8C/38M,

R8C/34K, R8C/3MK, R8C/34U, R8C/3MU,
R8C/L3AM, R8C/L35M, R8C/L36M and R8C/L38M

M16C Family:

M16C/64C and M16C/65C

(2) Updated SFR File

The SFR file for the R8C/33T group has been updated about the following point:

Deletion of the description of register concerning the UART1 function

You can check the list of CPUs that can be added by the device file updater in "The Product Versions and the Added CPU Types" provided at the following Web page:

<http://www.renesas.com/dfu>

This Web site will be updated on September 21.

The above URL is one of our global sites.

3. How to Obtain the Product

Download the installer of the device file updater V.1.10 for the C compiler package for the M16C series and the R8C family (M3T-NC30WA) from:

http://www.renesas.com/dfu_download

Then install it. The installer will be published on the Web site on September 21.
