## Old Company Name in Catalogs and Other Documents

---

On April 1<sup>st</sup>, 2010, NEC Electronics Corporation merged with Renesas Technology Corporation, and Renesas Electronics Corporation took over all the business of both companies. Therefore, although the old company name remains in this document, it is a valid Renesas Electronics document. We appreciate your understanding.

The SIOF of the SH7763 has the following note when using slave mode receiver.

## [Summary]

When using the receiver of the SIOF in slave mode, if specifying no bit delay (SIMDR.SYNCDL=0), the receive data is sampled at the rising edge of the SIOF\_SCK, then the hold time of the receive data may not be ensured.

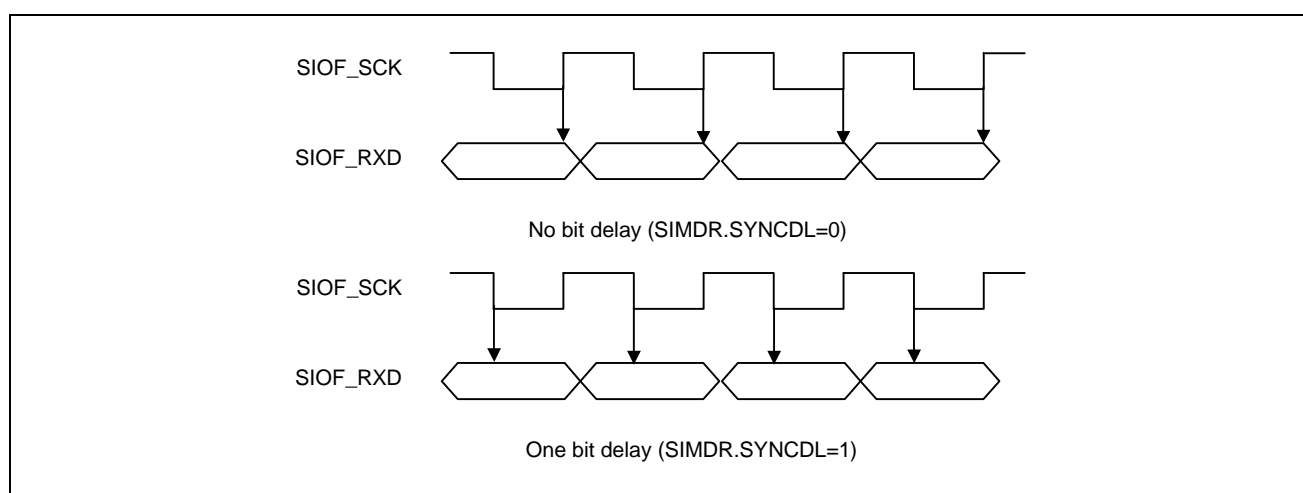

Figure. SIOF Receive Data Sampling Timing in Slave Mode

## [Workaround]

Specify one bit delay (SIMDR.SYNCDL=1) for receiver like for transceiver in slave mode. Then the receive data is sampled at the falling edge of the SIOF\_SCK.
