

# RENESAS TECHNICAL UPDATE

1753, Shimonumabe, Nakahara-ku, Kawasaki-shi, Kanagawa 211-8668 Japan  
Renesas Electronics Corporation

Product Category	EEPROM		Document No.	TN-PME-A003A/E	Rev.	1.00
Title	Postpone the plan standardize to Halogen-free for Renesas EEPROM molding compound (Correction for TN-PME-A002A/E)		Information Category	Package change		
Applicable Product	Serial EEPROM	Lot No.	Reference Document	None		
	R1EX24xxx#Ux Series R1EX25xxx#Ux Series HN58X25xxx#Ux Series	-				

## 1. Summary

We postpone the plan of standardize to Halogen-free for Renesas EEPROM for some time due to adjustment of EEPROM business plan , though we issued the technical update (TN-PME-A002A/E) on July12/2012 .

We keep produce Halogen-included products as usual.

We would appreciate your understanding of this notification.

## 2. Corresponding products

All packaged serial EEPROM products(Assembly / Final test site:MVC)

R1EX24xxx#Ux series,R1EX25xxx#Ux series and HN58X25xxx#Ux series

## 3. Reason of change

Adjustment of Renesas EEPROM business plan

## 4. Remarks

We keep produce Serial EEPROM R1EX24xxx#Sx Series,R1EX25xxx#Sx Series,HN58X25xxx#Sx Series.

We have some Halogen-free products produced at Amkor Philippines.
