NON-GAAP BASIS INFORMATION

The figures in this section are mainly based on Non-GAAP (Generally Accepted Accounting Principles) stated on a financial reporting basis and are provided as additional information.

The Group implemented a change in fiscal term starting from FY16/12 in which the fiscal year-end changed from March 31 to December 31. In this presentation, FY17/12 Q3 (Jul-Sep 2017) results are compared with FY16/12 Q2 (Jul-Sep 2016) as a YoY comparison.

The Group reports its consolidated forecast on a quarterly basis (cumulative quarter total) as a substitute for a yearly forecast.

REVISED GAAP/NON-GAAP RECONCILIATION (FY17/12)

- Non-GAAP Basis: Results excluding non-recurring and certain other items. Starting from FY2017 ending December 2017, the Non-GAAP basis excludes amortization of goodwill, amortization of purchased intangible assets, costs related to the Intersil acquisition, stock-based compensation cost, costs related to the offering and PPA (purchase price allocation) effects following the Intersil acquisition.
- PPA effects include market valuations of inventories and fixed assets, etc.

BIG IDEAS FOR EVERY SPACE

(FORWARD-LOOKING STATEMENTS)

The statements in this presentation with respect to the plans, strategies and forecasts of Renesas Electronics and its consolidated subsidiaries (collectively “we”) are forward-looking statements involving risks and uncertainties. Such forward-looking statements do not represent any guarantee by management of future performance. In many cases, but not all, we use such words as “aim,” “anticipate,” “believe,” “continue,” “endeavor,” “estimate,” “expect,” “initiative,” “intend,” “may,” “plan,” “potential,” “probability,” “project,” “risk,” “seek,” “should,” “strive,” “target,” “will” and similar expressions to identify forward-looking statements. You can also identify forward-looking statements by discussions of strategy, plans or intentions. These statements discuss future expectations, identify strategies, contain projections of our results of operations or financial condition, or state other forward-looking information based on our current expectations, assumptions, estimates and projections about our business and industry, our future business strategies and the environment in which we will operate in the future. Known and unknown risks, uncertainties and other factors could cause our actual results, performance or achievements to differ materially from those contained or implied in any forward-looking statement, including, but not limited to: general economic conditions in our markets, which are primarily Japan, North America, Asia and Europe; demand for, and competitive pricing pressure on, our products and services in the marketplace; our ability to continue to win acceptance of its products and services in these highly competitive markets; and movements in currency exchange rates, particularly the rate between the yen and the U.S. dollar. Among other factors, a worsening of the world economy, a worsening of financial conditions in the world markets, and a deterioration in the domestic and overseas stock markets, would cause actual results to differ from the projected results forecast.

This presentation is based on the economic, regulatory, market and other conditions as in effect on the date hereof. It should be understood that subsequent developments may affect the information contained in this presentation, which neither we nor our advisors or representatives are under an obligation to update, revise or affirm.
