Background:

- Recently, IDT issued End of Life Notices, for which there were retractions and amendments that were published later.
- The main reasons for these End of Life Notices were a shift from leaded to lead-free packages, and due to a Freescale fab continuity of supply.

N-12-35 Revision History:

- N-12-35 had different versions of MPC9992 and MPC9993 parts, all of which are being discontinued. It identified leaded replacement parts, which was an error.
- N-12-35R1 changed the leaded replacement parts to unleaded replacement parts.
- N-12-35R2 changes the replacement parts to 'None', as the earlier replacement parts are 'Not recommended for New Designs'.
