Revision 2: This revised PDN notice is to update discontinued part# and replacement part# for selective Clock devices that will be discontinued as shown in Attachment I. Last buy deadline for submission of order and last eligible ship date will be extended to 30-Jun-2014 and 30-Sep-2014 respectively.

Background:

- Recently, IDT issued End of Life Notices, for which there were retractions and amendments that were published later.
- The main reasons for these End of Life Notices were a shift from leaded to lead-free packages, and due to a Freescale fab continuity of supply.

N-12-48 Revision History:

- N-12-48 included both devices from the freescale fab and older 'at risk' fabs.
- N-12-48R1 added some parts that were initially missed and removed the 'at risk' fab parts from the PDN.
- N-12-48R2 corrects the errors in the previous revision which removed 'leaded' parts also from the products being discontinued list. 'Leaded' parts will still be discontinued; lead free parts will be supported for the time being from 'at risk' fabs.
