

DA9063 Evaluation Board Ordering Information

Abstract

This document provides details of the evaluation boards available for the DA9063, and the relevant ordering information.

DA9063 Evaluation Board Ordering Information

1 DA9063 and DA9210 Evaluation Kits

Table 1 provides an overview of the evaluation kits available and their content. An evaluation kit consists of two boards, (one mother board and one daughter board, see example DA9063-EVAL8), a USB cable and a memory stick with product and application information.

Each board can be purchased separately or as part of a kit.

The schematics can be found on the Dialog Semiconductor customer support site, support.dialog-semiconductor.com or contact Dialog Semiconductor.
