Date: January 27, 2011

January 27, 2011

To: Our Valued Intersil Customers

Subject: Packing Method Change for Intersil ZLxxxx QFN Packaged Products

This notice is to inform you that Intersil is changing the packing method for the listed Intersil ZLxxxx QFN (Quad Flat No-lead) packaged products. Intersil will discontinue tray packing and implement packing in anti-static tubes during Q2'2011. The industry standard tubes are made of an anti-static material. Dimensional information and drawings of each type are included for reference. The basic tube information is as follows:

Part Number	Package	Tube Dimensions (millimeter)			Quantity per Tube
		Length	Width	Height	
ZL2004ALNN	32p 5x5 QFN	315	6.5	2.2	60
ZL2004ALNN-01					
ZL2005ALNF	36p 6x6 QFN	315	7.5	2.2	50
ZL2006ALNF					
ZL2105ALNF					

Intersil will take all necessary actions to conform to agreed upon customer requirements and to ensure the continued high quality and reliability of Intersil products. Customers may expect to receive shipments of product packed in anti-static tubes beginning ninety days from the date of this notification or upon depletion of existing inventory.

If you have concerns with this advisory, Intersil must hear from you promptly. Please contact the nearest Intersil Sales Office or call the Intersil Corporate line at 1-888-468-3774, in the United States, or 1-321-724-7143 outside of the United States.

Regards,

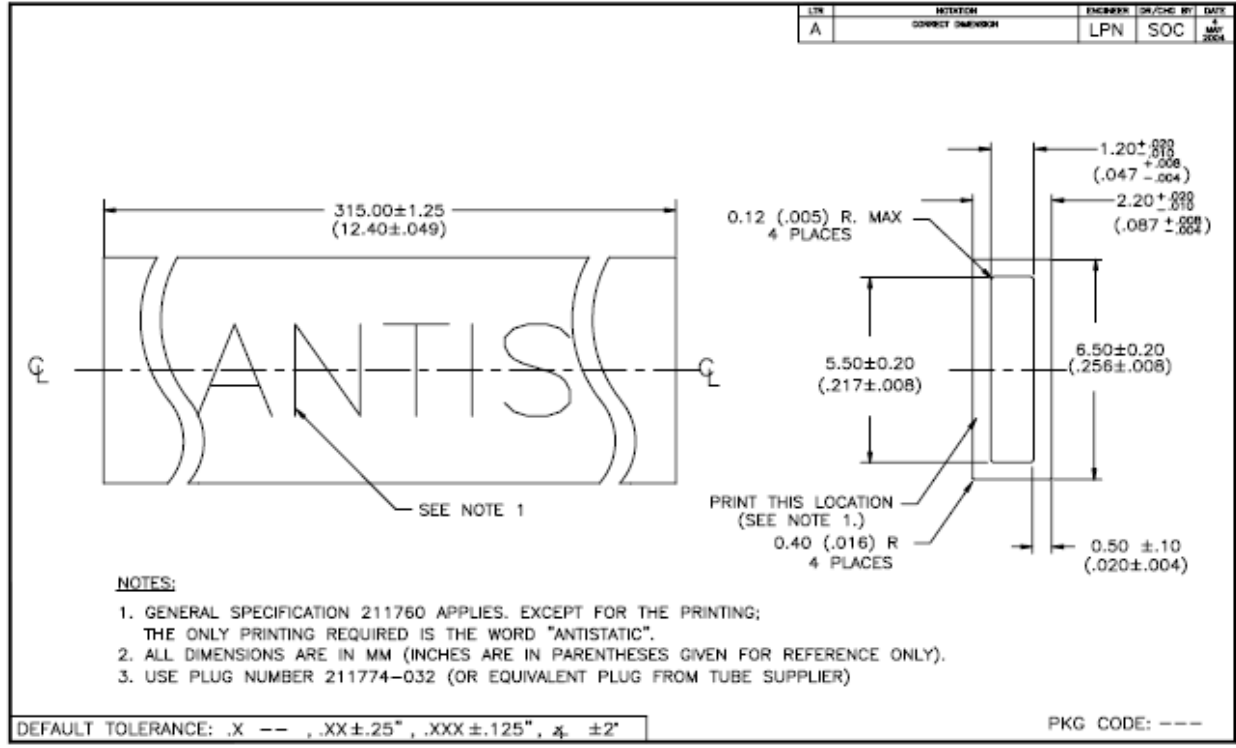

Jon Brewster
