

Product Change Notice (PCN)

Subject: Design Change for the ISL78600ANZ and ISL78600ANZ-T

Publication Date: 6/1/2015

Effective Date: 9/1/2015

Revision Description:

Initial Release

Description of Change:

This notice is to advise our customers of a minor silicon design revision for the ISL78600ANZ and ISL78600ANZ-T products only.

Reason for Change:

Intersil has identified an EEPROM checksum reading issue that can affect a limited number of parts when operating below -20°C. This is currently being screened for in production and a metal edit has been made to the part to permanently address this.

Impact on fit, form, function, quality & reliability:

The change will have no impact on the form, fit, function, quality, reliability and environmental compliance of the devices.

Product Identification:

There will be no change in the external marking of the packaged parts or to the product data sheet electrical specification. Product affected by this change is identifiable via Intersil's internal traceability system.

Qualification status: Complete

Sample availability: 6/1/2015

Device material declaration: Available upon request

Questions or requests pertaining to this change notice, including additional data or samples, must be sent to Intersil within 30 days of the publication date.
