Reason for Change:

This notice is to inform you that Renesas will begin to use the new Carrier Tape for tape and reel packing of the listed Renesas WLCSP (Wafer Level Chip Scale Package) packaged products. The changes are not expected to affect the automated pick and place equipment used for board mount assembly operations. The differences are outlined in Appendix A.

Impact on fit, form, function, quality & reliability:

The change will have no impact on the form, fit, function, quality, device marking (branding), POD (Package Outline Drawing) or labeling of the product shipments. The remainder of the manufacturing operation (package level electrical testing, etc...) will continue to be processed to previously established conditions and systems.

Product Identification:

Product affected by this change is identifiable via Renesas's internal traceability system.
