Reason for Change:

Adding KESM as alternate post test facility. This action will expand current capabilities and capacities to optimize Renesas's ability to meet customer's delivery requirements.

Impact on fit, form, function, quality & reliability:

The qualification plan is designed using JEDEC and other applicable industry standards to confirm there is no impact to form, function or interchangeability of the product. The remainder of the manufacturing operations (wafer fabrication, package level electrical test, etc) will continue to be processed to previously established manufacturing flow.

Product Identification:

Product affected by this change is identifiable via Renesas's internal traceability system.

Qualification status: Completed Sample availability: 7/14/2024

Device material declaration: Available upon request

Sample is available July 14, 2024 onwards, and subject to availability. Customer may expect 1 – 2 months for sample replenishment.

Note:

- 1. Acknowledgement must be received by Renesas within 30 days or Renesas will consider the change as approved.
- 2. If timely acknowledgement is provided by Customer, then Customer shall have 90 days from the date of receipt of this PCN to make any objections to this PCN. If Customer fails to make objections to this PCN within 90 days of the receipt of the PCN then Renesas will consider the PCN changes as approved.
- 3. If customer cannot accept the PCN then customer must provide Renesas with a last time buy demand and purchase order.
