

PRODUCT ADVISORY

Packing Method Change for Intersil TO-xx Metal Can and Flat Pack Packaged Products

**Refer to:
PA11003**

Date: January 7, 2011

January 7, 2011

To: Our Valued Intersil Customers

Subject: **Packing Method Change for Intersil TO-xx Metal Can and Flat Pack Packaged Products**

This advisory is to inform you that Intersil is changing the packing method for the listed Intersil TO-xx metal can and flat pack packaged products. Intersil will discontinue packing in bulk (multiple units in a single anti-static bag or box) and implement packing in anti-static trays with lids. Implementation of tray packing is planned to begin during Q1'2011.

This transition to the tray packing method will eliminate the use of undesirable packing materials (pink poly foam) and reduce the potential for damage to product during shipment to customers. The industry standard trays are made of an anti-static material. Dimensional information and photographs of each type are included for reference. The basic tray information is as follows:

Carrier		Tray Dimensions			Quantity
Type	Size	Length	Width	Height	Per Tray
TO-xx Can	NA	13.75	11.375	1.00	100
Flat Pack	1.0 x 0.75	13.75	11.125	0.25	100
	1.25 x 1.25	11.25	7.125	0.50	24
	2.0 x 2.0	12.25	7.50	0.50	15

Note: Dimensions are approximate and the unit of measure is inches.

Intersil will take all necessary actions to conform to agreed upon customer requirements and to ensure the continued high quality and reliability of Intersil products. Customers may expect to receive shipments of *TO-xx metal can* product packed in anti-static trays beginning in February 2011 or upon depletion of existing inventory. Customers may expect to receive shipments of *flat pack* product packed in anti-static trays beginning in March 2011 or upon depletion of existing inventory.

If you have concerns with this advisory, Intersil must hear from you promptly. Please contact the nearest Intersil Sales Office or call the Intersil Corporate line at 1-888-468-3774, in the United States, or 1-321-724-7143 outside of the United States.

Regards,

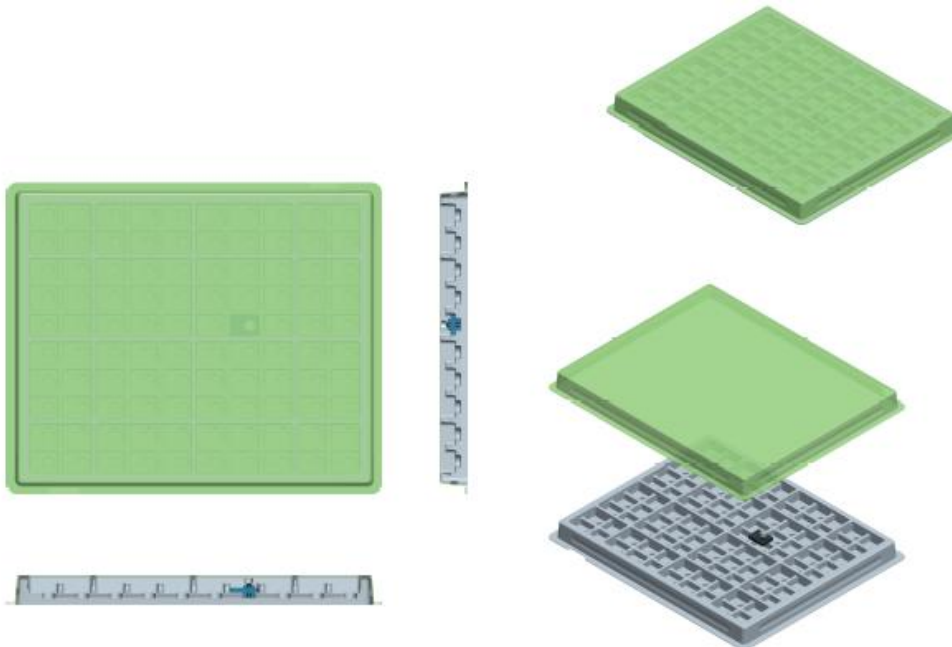

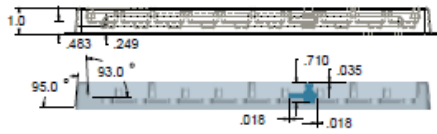

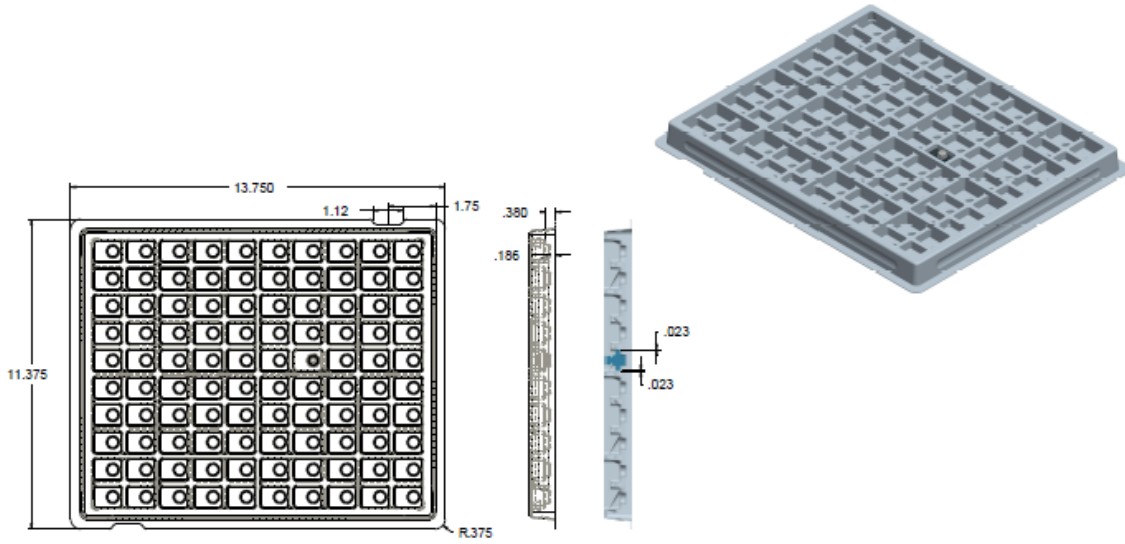

Jon Brewster
Intersil Corporation
