Old Company Name in Catalogs and Other Documents

On April 1\textsuperscript{st}, 2010, NEC Electronics Corporation merged with Renesas Technology Corporation, and Renesas Electronics Corporation took over all the business of both companies. Therefore, although the old company name remains in this document, it is a valid Renesas Electronics document. We appreciate your understanding.

1. Purpose

Tray forming die is added in response to the increasing production of LQFP2020 packages, and for thorough handling in manufacturing factories, new tray type name is adopted.

2. Contents of Change

   (1) Addition of new tray type name

   “L196-65A” is adopted as new type name, in addition to the conventional "L196-65".

   Adoption of new tray, including the mixed use of new and conventional trays, has no impact on user’s mounting process, because the pocket arrangement, pocket pitch, and package loading position of “L196-65A” are exactly the same as those of "L196-65".

   (2) Quality check

   We have tested the quality of new trays in advance and confirmed no problems with product protection.

3. Applicable Time

New trays are to be applied for the products shipped from August 2007.

4. Applicable Packages
