To our customers,

Old Company Name in Catalogs and Other Documents

On April 1st, 2010, NEC Electronics Corporation merged with Renesas Technology Corporation, and Renesas Electronics Corporation took over all the business of both companies. Therefore, although the old company name remains in this document, it is a valid Renesas Electronics document. We appreciate your understanding.

2. Description

When programming the internal ROM of the following QzROM-version MCUs in the 740 family using the product concerned, you cannot write to Function set ROM data*.

*In Function set ROM data, the register for validating or invalidating the voltage-crop detection circuit and others are included. For details of Function set ROM data, see the datasheets of each MCU.

3. Solution

We supply you with an interim update program for programming internal ROM using the product concerned.
Please apply for it to our contact center csc@renesas.com

4. Schedule of Fixing the Problem

We plan to fix this problem in the following versions:
- Flash Development Toolkit V.4.00 Release 02 (to be released in October 2007)
- Flash Development Toolkit V.3.07 Release 04 (to be released in November 2007)
