Corrections to a Catalog Published in October 2006

We notify corrections to the catalog "Renesas Quick Reference Guide to Semiconductor Devices, Document No. REJ02A0003-0700" (published in October 2006).

These corrections will be seen on [HERE](#) from December 2006 on.

1. Corrections to Renesas Quick Reference Guide to Semiconductor Devices, Document No. REJ02A0003-0700 (published in October 2006):
 - **Page 89**, body of the table; third from the bottom in the Emulator column (third from the right)
Remove *6 in PC7501 *6
 - **Ibid.**; second from the bottom in the Emulator column (third from the right)
Remove *6 in PC7501 *6
 - **Page 96**, under the table, last of the notes
Add the following note:
*** Under planning
 - **Page 99**, title name of the table
Read Operating Environment for R8C/Tiny Series
for Operating Environment for M16C/Tiny Series
 - **Page 106**, body of the table; top in the Low-cost model Emulator column (second from the left)
Make a cell for the H8/38447 and H8/38427 groups only and put (E8)
ROE000080KCE00 in it.
 - **Page 107**, body of the table; fourth from the top in the Emulator MCU or Emulator MCU board column (fourth from the left)

Read M38267RLFS or M37560RLFS *11 for M38267RLFS

- **Ibid.**, under the table; last of the numbered list

Add the following note:

- *11. The M38267RLFS does not have the 10-bit A/D conversion mode function. Use M37560RLFS for the software development of 10-bit A/D. The M37560RLFS can be used also for the DTMF function and the CTCSS function of the 3826A group.
