Free-of-Charge Upgrade Application of MCU Unit for E100 Emulator R0E521300MCU00 (Specific to R8C/3x Series, R8C Family) Getting Closer to Expiration

We inform you that the free-of-charge upgrade application of the MCU unit for the E100 emulator R0E521300MCU00 is getting closer to its expiration date.

1. Description

We informed you about the free-of-charge upgrade of the MCU unit for the E100 emulator R0E521300MCU00 on RENESAS TOOL NEWS Document No. 120401/tn4, which was published on April 1, 2012. The application for this upgrade expires on March 31, 2013, so if you need the upgrade, you are encouraged to apply for it as early as possible.

For details of the above tool news, go to:

<https://www.renesas.com/search/keyword-search.html#genre=document&q=120401tn4>

2. Applying for Free-of-Charge Upgrade

If you are going to apply for the upgrade, fill in the R0E521300MCU00 Free-of-Charge Upgrade Application form and send it to your local Renesas Electronics marketing office or distributor up to March 31, 2013.

If circumstances prevent you from sending your application form up to this date, contact the above marketing office or distributor.

For the serial numbers of the R0E521300MCU00 to be upgraded and how to apply for the upgrade, see RENESAS TOOL NEWS Document No. 120401/tn4 on the Web page at:

<https://www.renesas.com/search/keyword-search.html#genre=document&q=120401tn4>

3. Delivery of Upgraded Product

We will ship back your product upon upgrading it. To upgrade yours, it takes about 10 working days except for the transportation period.

However, please be aware that if we have received a large number of applications in a short period, the delivery may be made in the last half of April or later.
