The Firmware File for the M30870T2-CPE Compact Emulator Revised to V.1.14.00

We have revised the firmware file--M30870C.S--for the M30870T2-CPE compact emulator from V.1.11.00 to V.1.14.00. (The M30870T2-CPE compact emulator is used for the M32C/87 group of MCUs.)

1. Description of Revision

The following problem has been fixed:

The M30870T2-CPE is not terminated properly after self-checks are conducted.

2. How to Update Your Product

Free-of charge online update is available.

Download the update program from the Web page and execute it.
