The M3062PT2-EPBM (an MCU Board for the M16C/62P and M16C/30P Groups of MCUs) Released

We have released the M3062PT2-EPBM MCU board. This MCU board is used for the M16C/62P and M16C/30P groups of MCUs.

1. Outline of the Product

This product is a spare part of the M3062PT2-EPB emulation probe (released in May 2005). In addition, it can be used for upgrading the previous M3062PT-EPB. For details of this upgrade, see RENESAS TOOL NEWS No. RSO-M3062PT-EPB- 050701D, issued on July 1, 2005.

2. Ordering Information

If you place and order for the product, please supply the following items of information to your local Renesas Technology sales office or distributor.

Product Type	M3062PT2-EPBM
Type Name	M3062PT2-EPBM
Comment	None

For the price of the product, contact your local Renesas Technology sales office or distributor.
