The MCU Unit R0E556100MCU00 for the E100 Emulator Marketed

We have marketed the MCU unit R0E556100MCU00 for the E100 emulator. This MCU unit is specific to the RX610 group of MCUs.

1. Outline of the Product

The R0E556100MCU00 MCU unit is used together with the E100 emulator to debug systems designed with members of the RX610 group, RX600 series, RX family of 32-bit MCUs. For details of the product, see:

<https://www.renesas.com/products/software-tools/tools/emulator/e100--r0e556100mcu00.html>

This Web site will be opened from September 21.

The above URL is one of our global sites.

For information about the E100 emulator, see:

<https://www.renesas.com/e100>

The above URLs are those of our global sites.

To debug your systems, you need to use an optional converter board for connecting the target system with the flexible cable. The product type of the converter board is as follows:

- R0E556100CFK00: for connecting the 144-pin 0.5-mm-pitch LQFP

To see information about the hardware tools from the emulator to the converter board for each MCU by package, click the Options link on the upper left of the Web page at:

<https://www.renesas.com/products/software-tools/tools/emulator/e100--r0e556100mcu00.html>

This Web site will be opened from September 21.

The above URL is one of our global sites.

2. The Contents of the Product Package

- (1) An MCU unit R0E556100MCU00
- (2) A flexible cable (already connected with the MCU unit)
- (3) A 12.5-MHz oscillator module (already mounted on the MCU unit)

(4) A CD-ROM containing RX E100 Emulator Software V.1.00 Release 00
For an overview of RX E100 Emulator Software V.1.00 Release 00,
see RENESAS TOOL NEWS Document No. 100916/tn2, published on
September 16.

3. How to Purchase the MCU Unit and the Converter Board

When you place orders for the products, supply the following items
of information to your local Renesas Electronics sales office or
distributor:

- MCU unit

Product type: R0E556100MCU00

Ordering code: As above

- Converter board

Product type: R0E556100CFK00 (for the 144-pin 0.5-mm-pitch LQFP)

Ordering code: As above

For the prices of the products, also contact the above sales office or
distributor.
