The μ T-Engine Development Kit ROP3219TR001MRK Released, Which Is Used for the M32192 M32R Family MCU

We have released the μ T-Engine development Kit ROP3219TR001MRK, which is used for the M32192 M32R family MCU.

1. Outline

MCU mounted	M32192 (CPU core: M32R) *
Operating clock frequency of CPU	160 MHz
SRAM	1 MB
Flash memory	1 MB
Interfaces	CompactFlash, eTRON, MMC, LAN, CAN, extended bus, and serial bus
Accessories	JTAG Emulator (Product Number:32100T-EZ-E) AR Camera Serial cable(RS-232C)

* For details of this CPU, visit its datasheet.

For details of the specifications of the product, see its datasheet.

For information on the T-Engines, see the T-Engine site.

2. Ordering Information

If you place an order for the product, please supply the following items of information to your local Renesas Technology sales office or distributor:

Product Type	M32192 μ T-Engine development kit
Type Name	ROP3219TR001MRK **

Comment	None
----------------	------

For the price of the product, contact your local Renesas Technology sales office or distributor.

**** Note:**

The above type name is available in Japan only.

Please contact csc@renesas.com about the order information of this product.
