

The μ T-Engine Development Kit R0P3219TR001MRKE Released, Which Is Used for the M32192 M32R Family MCU

We have released the μ T-Engine development Kit R0P3219TR001MRKE, which is used for the M32192 M32R family MCU.

1. Outline

MCU mounted	M32192 (CPU core: M32R)*
Operating clock frequency of CPU	160 MHz
SRAM	1 MB
Flash memory	1 MB
Interfaces	CompactFlash, eTRON, MMC, LAN, CAN, extended bus, and serial bus
Accessories	JTAG Emulator (Product Number: M32100T-EZ-E) AR Camera Serial cable (RS-232C)
Note	AC adapter isn't included.

* For details of this CPU, visit the datasheet.

For details of the specifications of the product, see its datasheet.

For information on the T-Engines, see the T-Engine site.

2. Ordering Information

If you place an order for the product, please supply the following items of information to your local Renesas Technology sales office or distributor:

Product Type: M32192 μ T-Engine development kit

Type Name: R0P3219TR001MRKE

For the price of the product, contact your local Renesas Technology sales office or distributor.
