Rev.1.00

Mar. 16, 2021

e² studio Smart Configurator Plug-in V2.8.1, RX Smart Configurator V2.8.1

Overview

The products in the title will be revised and their version numbers will be changed as follows:

- (1) e² studio Smart Configurator Plug-in: V2.8.0 to V2.8.1
- (2) RX Smart Configurator: V2.8.0 to V2.8.1

1. Version to Be Updated

- All revisions up to 2020-01 of e² studio (V2.8.0 of Smart Configurator Plug-in)
- All revisions up to V2.8.0 of RX Smart Configurator

2. Items Revised

The major revision points are as follows. Refer to the following release note for details.

- RX Smart Configurator
Smart Configurator for RX V2.8.1 Release Note. This information will be released on March 22.
<https://www.renesas.com/software-tool/smart-configurator#documents>

2.1 Description of Modification

Supported microcontrollers have been added. Refer to the above release note for details.

3. How to Update Your Copy

3.1 For e² studio

Use the following procedure to install the product.

- (1) Activate e² studio.
- (2) Click [Help], and then click the [Check for Updates] menu.
- (3) From the items shown under [Available Updates] in the [Available Updates] dialog box, select the [Renesas Smart Configurator for RX Version 21.1.0v2021xxxx-xxxx] check box, and then click the [Next>] button.
- (4) Confirm that the installation target shown in the [Update Details] panel is correct, and then click the [Next>] button.
- (5) After reviewing the license, select the [I accept the terms of the license agreements] radio button, and then click the [Finish] button.
- (6) When the dialog box for selecting a trusted certificate appears, check the displayed certificate, and then click the [OK] button to continue installation.
- (7) Restart e² studio according to the instructions on the screen.

3.2 For CS+

To update your program, use either of the following methods:

- (1) Download RX Smart Configurator from the following URL, and then install the program.

The program will be available from March 22.

<https://www.renesas.com/smart-configurator#downloads>

Smart Configurator for RX V2.8.1

- (2) From the Windows Start menu, select Renesas Electronics CS+ to start the Update Manager and update the program. This service will be available from March 22.

Note: If your CS+ has been launched with rapid startup enabled, exit the CS+ once, and then run the Update Manager.

If the CS+ is resident in the notification area of Windows (system tray) due to rapid startup, an error occurs and produces the following message:

M0120001

"CubeSuiteW+.exe"

Installation is suspended because "CubeSuiteW+.exe" is running.

It will be resumed next time you start the tool.
